OUR STRATEGIC PRIORITIES

1. Achieve Birth Equity

We will ensure that pregnant and postpartum people in Black and Brown communities, receive the high-quality care and services they need to have a safe and healthy birth.

2. Increase Vaccine Confidence

We will provide community-centered education to address the root causes of vaccine reluctance, including systemic racism within the health care system that breeds mistrust.

3. Advance Contraceptive Justice

We will work to ensure that all people have the social, political, and economic power, rights, access, and resources to receive contraceptive care that maintains bodily autonomy.

4. Expand Access to Comprehensive Health Care

We will secure high quality health insurance for all people and the holistic health care they need to thrive.
